

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for VFW POST 8905

PWS 1012602

Our system failed to collect every required coliform sample. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did (are doing) to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During AUG 2026; APR – JULY 2022; NOV – DEC 2021; JAN, JUNE, AUG, OCT 2010; MAY, JUL, AUG, SEPT NOV 2009, we did not monitor or test for coliform bacteria and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, we are required to notify you within 24 hours.

What is being done? In order to return to compliance our system had to collect a monthly distribution sample, take it to a lab to be analyzed and send the results to TCEQ and we will be collected that sample on (date) 09 Oct. 2026.

For more information, please contact David Santos 706-464-7420

Texas Commission on Environmental Quality

CERTIFICATE OF DELIVERY OF TIER III PUBLIC NOTICE TO CUSTOMERS:

Public Water System (PWS) name: **VFW POST 8905 PWS 1012602**

Type of Violation or Situation	Time Period(s) of Violation	# Samples Required	# Samples Submitted
RTCR/TCR	AUG 2026; APR – JULY 2022; NOV – DEC 2021; JAN, JUNE, AUG, OCT 2010; MAY, JUL, AUG, SEPT NOV 2009	1 per month	0

30 TAC 290.122(c) states that the owner or operator of a PWS who fails to perform required monitoring, fails to comply with a test procedure, or is subject to variance or exemption granted under §290.102(b) shall notify persons served by the system no later than one year after the PWS learns of the violation. The initial public notice shall be issued in the following manner:

Please indicate how the PWS provided this public notice to customers, mark all that apply:

COMMUNITY WATER SYSTEM:

☐ Mail or other direct delivery to each customer receiving a bill and to other service connections to which water is delivered **OR**

☐ Reporting in the Consumer Confidence Report (CCR) (**At least one of these two options is required**)

AND any other method reasonably calculated to reach other persons served by the PWS such as (choose one or more below):

☐ Delivery of multiple copies for distribution to others (i.e. apartment building owners, large private employers)

☐ Continuous posting in conspicuous public places within the area served

☐ On the internet

☐ Electronic delivery or alert systems (e.g., reverse 911)

☐ Delivery to community organizations

NONCOMMUNITY WATER SYSTEM:

☒ Continuously post Notice in conspicuous places within affected PWS or service area **OR**

☐ Mail or direct delivery to each customer or service connection (**At least one of these two options is required**)

AND any other method reasonably calculated to reach other persons served by the PWS such as (choose one or more below):

☐ Publication in a local newspaper or newsletter distributed to customers

E-mail to notify employees or students

☐ Electronic delivery or alert systems (e.g., reverse 911)

☐ Delivery of multiple copies to central locations (e.g., community centers, large employers)

☒ On the internet

In accordance with 30 TAC §290.122(g), all public water systems that are required to issue public notice to persons in accordance with 30 TAC §290.122, and that sell or otherwise provide drinking water to other public water systems (i.e., consecutive systems), shall provide public notice to the owner or operator of the consecutive systems.

☐ This PWS provides water to consecutive systems and those systems have been provided public notice.

Notice to Consecutive Systems was delivered on: _____ (date) by the following means: _____
